Insights from our experts

What changed, what it means, and what we will do next.

WIN

"Birthday cake delivery" reached page 1

It moved from position 13 to 9 after we rewrote the page to answer price and delivery questions first.

OPPORTUNITY

3 searches are one step from page 1

"Eggless cake" and two others sit on page 2. We are adding answers and links to push them up.

WATCH

The menu page gets seen but not clicked

It shows 3,100 times on Google but only 1.2% click. A clearer page title should fix this.

WIN

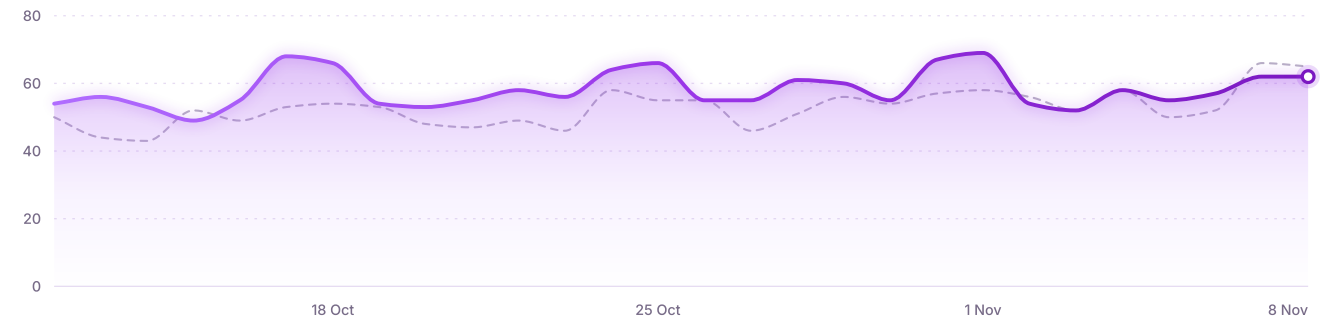

ChatGPT now names you

For "best birthday cake delivery", ChatGPT lists Sample Bakery. WhatsApp leads are up.
